10 Watt Battery Maintainer

ROCK SOLID ANCHORS

Since 2004, the Rocna has led worldwide anchor tests as published in the likes of SAIL, Yachting Monthly, Practical Boat Owner, Voile, and more. Because of the Rocna's reliable and convincing performance against its competition, Rocna is trusted to be rock solid in the real world. Ask for genuine Rocna anchors!

CERTIFIED MARINE STRENGTH

Titan® Marine Products is a brand of CMP Group Ltd. that specializes in world class certified marine chain, lashing chain, anchor rods, lines, and load rated shackles.

STRENGTH MEETS CRAFTSMANSHIP

Made in North America. This premium quality rope manufacturer has over 35 years of experience making quality marine yacht line and industrial ropes with some of the lowest prices in its class.

Don't be fooled by imports, our break strength tests prove our quality design is superior to the imports.

AUTHENTIC

Being original sometimes means others will try to copy you with inferior imitations, but true experience knows it's never the same.

For over 60 years, customers have trusted the innovation & quality designed into every Dexter product. Thoroughly proven in our world-class testing labs, our products are supported by a diversified & well-developed supply chain, strict manufacturing processes & over 350 distribution facilities nationwide. Our history, highly engineered designs, and authentic Dexter parts allow you to spend time on the water instead of working on your boat trailer.

A lot of good reputations are riding on Dexter, let us carry yours.

All Dexter actuators are proudly assembled in the USA

Gas Walker

Manufactured from durable and lightweight high density polyethylene (HDPE), the Gas Walker is a great way to transport fuel to your boat, automobile, generator, or ATV.

Jerry Cans

Moeller Jerry cans are portable fuel tanks made of high-quality, ultra low permeation poly and feature spill proof spouts to prevent overflow.

	Type	Capacity
084013	Gasoline	1.25 gallons
084053	Gasoline	5 Gallons
082300	Water	5 Gallons
084056	Diesel	5 Gallons

Evacuator High Volume Utility Pump

7700D

The Rule Evacuator high volume utility pump is ideal for fast evacuation of water.

A favorite of tow boat operators, the Evacuator is comprised of two 4,000 gallon per hour (GPH) or 15,141 liters per hour (LPH) pumps in tandem, with a net volume at open discharge of 7,700 GPH or 29,148 LPH.

The Evacuator pump is a useful utility pump for non-marine applications as well, including dewatering flooded basements, swimming pools, or excavations
